Three secured ballot boxes containing ballots submitted during Day 1 (September 27, 2026) and Day 2 (October 4, 2026) were opened, for the first time, and jointly tallied.

- **Total Active Membership:** 49 active members registered on the official voter roll as of September 26, 2026.

3. Tellers' Notes & Ballot Verification Audit

Election tellers Carl Rainey and Judie Phillips conducted standard verification protocol during check-in and post-adjudgment processing. The following operational and ballot notes were formally recorded:

- **Active Voter Roll Verification:** Prior to issuing ballots, all voters presented themselves to check-in tellers to confirm active membership. Ballots presented by Tristan Carey and Shionn Dixon were not accepted or submitted into the ballot box because they were not verified on the official active voter roll.
- **Write-In Vote Note:** One ballot contained a write-in vote for active member, Lola Lovett for Trustee. The write-in vote was recorded in election records but failed to receive a majority of the 39 votes required to be elected.
- **Written Communication Note:** One ballot included a written marginal statement regarding leadership communication ('vote of no confidence').
